RATING SCALE

- 4. Significantly Exceeds Expectation Performance consistently exceeds the expectation on this competency. This level of performance is consistent throughout the appraisal period and the employee contributes to the achievement of the agency's and unit's mission, goals and objectives. The employee is a role model for others and encourages the behavior in others.
- 3. Exceeds Expectation Performance exceeds the expectation on this competency. The employee at this level actively steps out of normal day-to-day roles and seeks out opportunities to contribute to the success of the agency's and unit's mission, goals and objectives.
- 2. Meets Expectation Performance meets the expectations on this competency. Performance is consistent with what is expected of the employee in the position. The employee does what is asked and what is defined in the job profile.
- 1. Needs Improvement Performance did not meet expectations on this competency. Performance falls below of what is expected of the employee in the position. Performance is poor to marginal. The need is evident for the employee to improve performance in one or more aspects of the competency. Performance fails to contribute much at all to achievement of the agency's or unit's mission, goals and objectives. (Examples missed deadlines, failure to follow agencies policies and procedures).
- 0. Unacceptable Performance is totally unsatisfactory and significantly fails to meet the expectations of the position. Extensive improvement is needed. Performance fails to contribute to, hinders, obstructs or negatively impacts the achievement of the agency's or unit's mission, goals and objectives. (This person should already be on serious corrective or disciplinary action plan.)

NA - Not rated. I have not observed the person in circumstances in which the competency can be rated.
